Re: Response to Complaint

On June 24, 2022, Robert Cox filed a complaint with the Ethics Board in which he alleged that in the course of his reporting it came to his attention that a member of the New Rochelle Ethics Board may have engaged in ex-parte discussions, or otherwise breached confidentiality, during the investigation of alleged City Charter violations by the Mayor.

Lacking a quorum, the Chair of the Board referred this matter to me. I have interviewed all of the persons who were directly involved and found that Mr. Cox' suspicions were not sustained.
