**Attachments:** SKM\_360i23010313540.pdf

You indicated last week you would like to be the City's Primary Point of Contact (POC) for FEMA disasters moving forward.

The subject POC form (attached) requires your cell phone number which I can fill in [REDACTED] If you have no objection, I can then sign the form with my digital signature to effectuate the change.

I am still an Alternate Point of Contact for most of the disasters as former Risk Manager and I added Rita as a second alternate on some of them for her to help close the open disasters out. I understand Orisha may be the next Risk Manager and I am happy to get her up to speed on these disasters for her to eventually take over this role. We can discuss in more detail at your convenience.

Thanks, Rob

Good Morning Mr. Flike-

As directed, I am forwarding to you the completed and signed forms regarding my request to change the Primary POC and Alternate POC in the City of New Rochelle due to personnel changes.

I would also like to request Omar Smalls be removed as Primary and/or Alternate POC on all current and future projects as he no longer works for the City of New Rochelle.

Please feel free to contact me with any questions.

Good Morning Jean-

When you get a chance, can you send me a copy of a Change of Point of Contact form and Change of POC Alternate form for me to fill out as our current POC is Charles Strome who is retiring and a new City Manager has been appointed effective 1/1/23.

Thank you again for all of your support and guidance throughout the year

Dear Employer:

**Please stop using *Retirement Online* to enroll new members immediately.**

The online member enrollment processes are not functioning properly. We will notify you as soon as we have resolved the issue.

You can continue using *Retirement Online* for regular monthly reporting.

If you report through enhanced reporting, however, please do not enroll any new members through the file upload process. Any mandatory members who are not already enrolled should be excluded from your December monthly report.

For mandatory members, please wait until *Retirement Online* issues are resolved and enroll them online.

If you need to enroll optional members, complete a [membership application](#), which you can print from our website. Submit the application by fax to 518-486-4382 — do not also enroll the member online when *Retirement Online* issues are resolved. For more information, visit our [Member Enrollment page](#).

For assistance, please contact us at 844-619-9614, Monday through Friday between 7:30 am – 5:00 pm, or send a message using our [help desk form](#).

Good Morning- Jeanett Medina, Civil Service Administrator (cc'd), informed me that the Probationary Report is an old form which incorrectly shows the probationary periods.

The Civil Service Rules published by the Civil Service Commission under Rule XIV entitled Probationary Term state under paragraph 1a that "Except as herein otherwise provided, every permanent appointment to a position in the non-competitive, exempt or labor class shall be for a probationary term of not less than eight nor more than thirty-nine weeks", copy attached.

I was further informed that this form is rarely used where only a few departments use it internally for their record keeping purposes.

Perhaps the Probationary Report should be updated to reflect the current Civil Service Rules in effect are being followed including the proper use and filing of the form.

Vince- I understand you provided training to supervisory staff in New Rochelle in the past touching on topics described below. I would recommend a refresher training session(s) be held if possible for all supervisory staff in all departments which I would be happy to coordinate through HR.

Hi Jessica

We will be happy to do some training.

The form is pretty good. May I ask when the probationary period was changed for civilian employees?

Thanks

Good Evening Vince,

It was nice speaking to you a few weeks ago at City Hall.

I know we discussed the desire to have training/workshops for the DPW Managers regarding some topics:

1. Evaluations for New Employees (9month probation period – evaluations at 3mo, 6mo, 8mo)
2. How to document a counseling memo
3. How to complete any additional write-ups
4. Stages of Discipline for employees
5. Discussion about Charges for Employees

Please see the attached form that Streets Manager John O'Keefe found regarding a Probationary Report.

Thanks for all your help.

Attached are photos I have on file regarding the damages caused by the Ida storm flooding.

Please let me know if there are any other photos of before and/or after any repairs have been made. I understand some of the pathways leading up to the bridge have been repaired and repairs to the actual stones on the bridge have not been repaired to date. Lastly, please forward to me any invoices, inspection reports, estimates or other documentation you may have on file.

Good afternoon Robert and Rita,  
Thanks again for joining the call. Please see the attached notes and Action Items.  
By COB Tomorrow, please sent me a brief letter regarding the maintenance information for the Carpenter Stone Pond Bridge.

I will reach out next week regarding what else is needed for the Pedestrian Bridge Project.

I have also attached the 3 summary sheets to work on for each respective project.

Additionally, I was asked by leadership to submit Requests for Information (RFIs) for these Projects:

- Project 550009 – APP CERT Roads City-Wide (we already have the contract info, but was Force Account Labor, Force Account Equipment and/or Force Account Materials used?)
- Project 549891 – APP CERT EPM City-Wide
- Project 549904 Debris Removal

A formal request will be sent to you on Monday which you will then have 15 days to fulfill. If not completed by then the project may have an eligibility issue placed on it for a partial or full DM. (Due Date 3/13)

Again, please do not hesitate to reach out with any questions or if you need assistance with anything. Thanks again!

Respectfully,

The City Engineer contacted our bridge consultant whose response to the question of respective bridge costs is:

“To rebuild in all wood (or a wood/steel structure) that is properly engineered would likely be in the \$150K range (each bridge)”.

Good morning Rita and Robert,  
Please disregard my email from 2/15 as I have taken a look at all of the documents sent again and here are the most updated findings:

On the contract section of the excel sheet:

Emergency Roadway Repairs (This is for the APPCERT Roads Project) I will upload related information to that project
Emergency Storm Damage Turf Repair, Flowers City Park Fosina Field, Flowers City Park Softball & Baseball Fields (THIS WAS ALREADY OBLIGATED )
Skidelsky Field Replacement (THIS IS FOR ANOTHER PROJECT: Project 550026 – Soccer Field at Flowers Field – 2) I will upload related information to that project
Twin Lake Culvert (THIS WAS ALREADY OBLIGATED)

Additionally, the labor information and equipment looks like it is debris removal and can be added to that project instead. I will make those changes and upload the additional information.

In terms of Emergency Protective Measures and what was checked off in the EEIs, we need the related information for: Detouring traffic from access routes impaired, placing barriers, and the rescue for the flooded on-call fire truck. The materials such as the traffic safety service materials and the barrier tape look related to this project, but what was the 2x8 Wood (20), Paint Roller (1), 3 pack Woven Roll Cover (1), Paint Semi Gloss Black (2) used for?

Let me know if you have any questions and we can certainly discuss more about this on our call this week.

Thanks again,

Thanks Rita,

I am looking over the spreadsheet, and have a question with some of the contract costs. This project is for emergency protective measures, can you describe in detail what occurred with each and why they are considered an emergency protective measures?

From the FEMA PAPPV V4 (pg.110)

Emergency protective measures conducted before, during, and after an incident are eligible if the measures:

- Eliminate or lessen immediate threats to lives, public health, or safety; OR
- Eliminate or lessen immediate threats of significant additional damage to improved public or private property in a cost-effective manner.

Emergency Roadway Repairs

Emergency Storm Damage Turf Repair, Flowers City Park Fosina Field, Flowers City Park Softball & Baseball Fields
Skidelsky Field Replacement
Twin Lake Culvert

Thanks again!

Good afternoon Robert,

Thanks again for joining the call this morning. Please see attached notes with Action Items with Due Dates attached. I also wanted to go over a few updates since we last spoke:

1. As we discussed during the meeting, let's aim for getting the summary sheets together for Project 550009 – APPCERT Roads City-Wide and Project 549891 – APP CERT EPM City-Wide by Fri 2/17. If I don't receive them by then, I will be sending out an official RFI, which gives you 14 days to gather the information.
2. A new project was created for the Carpenter Bridge! Project # 706053 Because the work has not started yet, we don't need too much documentation as of now, let's aim for this information for Friday 2/17:
  - a. Applicant to login and approve DDD
  - b. Estimated Costs and any mitigation measures, plans for repairs- just a couple of sentences
  - c. Maintenance Letter: Any records or a brief letter with City's letter head describing the maintenance of the bridge.
3. Project 549908 Pedestrian Bridge- I will be in touch if we need any additional information, specifically for Pedestrian Bridge South, as it has much less detail because we didn't have a site inspection for it.
4. 3/3 Due date for additional Debris Removal documentation and EEI information- Feel free to email me and I can upload appropriate documents.
5. Next Meeting 2/23 at 10am EST

Feel free to reach out with any questions. I will be in touch!

Thanks again!

Good Morning,

Attached please find the updated forms (APPCERT City Wide Debris, Force Account Labor Summary, Force Account Equipment Summary). I am still waiting for information regarding FIRE. I will send that to you by the end of today.

Thank you,  
Rita
