

Edward Browne

January 3, 2025

Dear Sir or Madam:

I am interested in serving on the New Rochelle Board of Ethics. My resume has been submitted for your review. I have been a New Rochelle resident since 2010, and I previously served on the Emergency Ambulance Committee. I am a registered Democrat, and I was appointed to that committee by Mayor Bramson shortly after moving to New Rochelle. The last official meeting of that committee occurred in 2016 when we met to evaluate proposals to provide ambulance service after the sudden collapse of TransCare. I am now looking to serve my community again in a different role.

I am also a graduate of Iona University, having completed my MBA with a concentration in management. My professional experience is relevant as well as I have been an executive in both the non-profit and commercial sectors. I currently serve as the CEO of a non-profit organization with extensive experience in human resources. Additionally, my position is responsible for all financial management and reporting.

I appreciate your taking the time to review my credentials and experience. I look forward to exploring this opportunity and am available to meet and further explain my qualifications. Thank you for your consideration.

Sincerely,

Edward Browne

EDWARD J. BROWNE
